1. (G) Short Term and Long Term Institutional Perspective Plans

In preparing the Perspective Plan, the Internal Quality Assurance Cell (IQAC) of the college has initiated the process of gathering inputs from all stakeholders, including management, the Principal, faculty, administrative staff, students, the Alumni Association, parents, and peer colleagues. Stakeholders' expectations, management policies, goals and objectives, the vision and mission statement of the college, and the quality policy of the college are considered as the foundation for the formulation of the perspective plan.

The IQAC's proactive role is crucial in maintaining quality consciousness. Both NAAC and UGC assign the responsibility to the IQAC for planning, guiding, and monitoring Quality Assurance (QA) and Quality Enhancement (QE) activities of the institution. With this background, the College IQAC has undertaken the task of designing a Perspective Plan for five years, starting from the academic year 2018-19 to 2022-23, aimed at balanced growth. The quality indicators of different criteria determined by NAAC have been used as the base to create Quality Radars and identify future milestones. The draft Perspective Plan is to be discussed, reviewed, and approved in the college meeting before implementation.

Short Term Institutional Perspective Plan

- Keep Faculty Updated: Ensure faculty members stay informed about the latest trends and developments in research, technology, and teaching methodologies.
